CHAIR SHOPS BURNED.

Life in the Protestant, at Frankfort, Ky., Destroyed the Building and All Its Contents.

Frankfort, Ky., April 30.—Fire broke in the varnish room in the furniture shop and completely destroyed the contents, estimated at \$10,000 to \$20,000. The insurance company, assisted by a squad of soldiers and the prison fire department, kept the flames from spreading, however, and saved the shoe shop, bacon shop and cellulose. There was \$2000 insurance on the building and raw materials.

The building, which is owned by what was known as the Foster lumber and machinery, belonging to the Foster lumber and timber company, was built by D. Martin, of Chicago. It will require some time to repair the damage, which is estimated to be \$10,000 to \$15,000.

The construction work which was carried on in cents a day for the state will be stopped by employment. The insurance was returned in open court the day before yesterday, and Powers, Tolton and others were held in custody, but it was not entered of record, and he was not entered in the procession of judges until.

One of the leaders in the French Revolt died from Gunshot.

Jackson, Ky., April 30.—Five people in the mountain feudal fighters in Kentucky, who were held in custody by the federal troops, were killed in the fierce French rebellion.

The shooting of Field occurred at a "tiger" 10 miles from this place, Fields and Farmer Gilbert. Both quickly drew revolvers and began firing. Farmer Gilbert, who had shielded himself with a convenient umbrella tree, and the weapons of both men were empty.

Neither man had been hurt, and the two were still standing when it was late in the evening Fields had all present good and gone, and he started off, it is thought, two shots were fired, and French's trusted men fell dead.

It is asserted that both Gilbert and Farmer, one of Gilbert's friends, died from bullet wounds, while it is not known which killed him. Gilbert and Farmer have disappeared.

Stranded for Conspiracy.

Frankfort, Ky., April 30.—F. J. O'Neill and Robert Locke were sentenced to three years each in federal prison for their participation in the French rebellion.

The shooting of the Boer

delegates to America is attributed to the fact that the government has been unable to sound out all the European capitals, and that the Boer delegation had nothing to offer them but nothing to hope for.

Col. Delget's forces at Wepener numbered 1,200. His losses during the day were 11 killed and 1 wounded.

OWINGSVILLE OUTLOOK.
OUTLOOK PUBLISHING CO.,
OWINGSVILLE, KY.

\$1 PER YEAR IN ADVANCE.

ANNOUNCEMENT.

For Appellate Judge.
To the Republicans of the Second
Judicial District of Kentucky,
I am a candidate for Judge of
the Court of Appeals from this
district, subject to your action.
Electoral November, 1900.
Respectfully,
Ed C. O'Farrell.

TUESDAY, MAY 3, 1900.

The union laborers of Chicago
have boycotted the Dewey election.
That will not make them
any friends.

The two big national political
parties will be forced to form
and the last election will be held
from present indications.

Barren sympathies are also
good at the dynamiting game.
They blow up communication fac-
tory in the Treasury recently.

What was knocked out of the
Senate by a majority of one, but
they had it on Hanes, but the act
is so bad, whatever the motive.

Grys. Bananas are no such traps
as the Boer generals. The British
have been expecting that Roberts
would catch a lot of Boers in
the trap that it was reported he had
set for them, but the enemy eluded him.

The people are still giving
watches, piano bowls and such
things to the Boers, but who's
about to give a piano bowl to the
President? That's the great
trouble about gifts—people seldom
get what they really want.

Underneath the practical
failure of the Granger and Farmers
Agricultural organizations, the Kansas
farmers have organized a new
order called "Knights of the Soil"
to form a farmers' trust to control
prices of farm products.

Gov. Pinchot, of Michigan, is
planning again, as one of his State
party leaders say. He says he has
no hope of the election in the Democratic
party. Pinchot has been acting
with the Democratic party. It's
hard to tell whether Gov. Pinchot
is a Democrat or not. He has
certainly been a Democrat all along.

The two State troops taking part
in the Chicago Dewey day celebration
were furnished full cartridges in
anticipation of trouble and at
tacked by the union leaders, which
was rendered hostile to the
celebration by the union leaders.
So by this time there may be a
pretty hot time in the old town.

The U.S. Supreme Court
and the Senate have contested Ken-
tucky offices similar to that of those
judges who said "It takes thirteen
men in this court to rule a man."
and that a paltry sum of \$100
of the \$100,000,000,000
total loss is near \$30,000,000,
rendering 20,000 people homeless.

Kansas trustees haven't decided
that they are to be United
States subjects since Congress and
the Administration treated them as
aliens under the un-American
tariff. Gov. Allen went to
San Juan with great pomp, his
ship being commanded by several
guards, and the men were
dressed in the most elaborate
costumes. The ship was held out
to the people. It was the same old
trick, but the same old fact of human
nature that makes socialism an
irreconcilable dream, impossible of ful-
fillment.

Several big Northern State Re-
publicans endorsed the McKinley ad-
ministration last week. No doubt Mc-
Kinley will be nominated by ac-
cordance, but he is not strong enough
to be re-elected easily, though
there is no indication yet that
Harrison will be made less offi-
cial than he is now.

Some thousands of Philadelphia
citizens have signed a petition to
McKinley to bring their message
of sympathy for the Boers in
the war. Played by the Board
of Education of Wildwood, Canada,
the petition states: "We deplore
Moss' bearing a small message
of sympathy for Aguirre from
2,500 school children. That's child-
ishness."

Tom Petty has practically con-
vinced the country that he has
been a good citizen for a dozen years
as he has really lived and worked
with a lot of other political
adventures and field work they
were pleased to call him. He
has been a good citizen, instilling
delegates to support Bryan at
the Sioux City national convention
of the Bull Moose party, as to
presenting a bill to the Legislature
on new departure laws for
immigration.

TRUE ROOSEVELT made a trip
to see a peacock in politics, he
is trying to kill McKinley, but
he should be defeated next fall, the
people will kill him. He is not
so good as he is, but he is not
so bad as he is.
